Part VI: Asia

This part of the Directory of Catholic Seminaries describes seminaries in Asia. The map above illustrates the number of seminary records in the Directory by country. Overall, the Directory includes 1,062 seminary records for Asia. Among countries in this world region, the Directory includes the highest number of seminary records for India (295 seminaries), Philippines (210 seminaries), and Indonesia (71 seminaries).

Comparison between the Number of Seminaries in the *Annuario Statisticum Ecclesiae* (ASE) and Its Equivalent in the *Directory of Catholic Seminaries* (DCS) in Asia by Country¹

¹ The numbers for ASE were derived from the 2013 edition. The numbers for DCS in the table here were calculated for comparison to the numbers from ASE. The numbers of “seminaries” for DCS in the table here are not equal to the number of “seminary records” in DCS for two reasons. First, one seminary record may, for example, describe a seminary which is classified as “seminary” and “residence” or “center for the diocesan clergy” and “center for the religious clergy” as understood by ASE and treated by ASE as separate seminaries. Second, DCS includes information about both open and closed seminaries.

The table above attempts to estimate how complete the Directory is by comparing the number of seminaries listed in the Segreteria di Stato Vaticano's (2013) *Annuario Statisticum Ecclesiae* with the number of open seminaries included in this Directory.

- According to *Annuario Statisticum Ecclesiae* countries with the highest number of seminaries in Asia are: India (1,096 seminaries), Philippines (329 seminaries), and Indonesia (157 seminaries). Countries with the fewest number of seminaries are: Jordan, Cambodia, Taiwan (China), Kazakhstan, Singapore, and Turkmenistan (each has one seminary).
- The Directory contains information on 873 seminaries in Asia. This number includes 44 secondary schools, 454 philosophy and theology seminaries, and 375 seminaries for which there is not sufficient information to classify them in one of the two groups.
- Overall, the number of seminaries in the Directory amounts to 45 percent of the seminaries accounted for in the *Annuario Statisticum Ecclesiae*.

- Relative to *Annuarium Statisticum Ecclesiae*, the Directory contains information on more seminaries in: Jordan, Cambodia, Taiwan (China), Kazakhstan, Singapore, Turkmenistan, Russian Federation (in Asia), Malaysia, Nepal, Macao (SAR), Israel, Hong Kong (SAR), Syrian Arab Republic, Lao People's Democratic Republic, Iraq, Japan, Republic of Korea, East Timor, Pakistan, Lebanon, Bangladesh, and Myanmar. Furthermore, the Directory provides information about seminaries in countries for which *Annuarium Statisticum Ecclesiae* does not list any seminaries (Islamic Republic of Iran, Mainland China, and Palestine).

The discrepancies between *Annuarium Statisticum Ecclesiae* and the Directory should be given due consideration when using the Directory. For more detailed description of the methodology used in preparing the Directory please see Part I.
