Part VII: Europe

This part of the Directory of Catholic Seminaries describes seminaries in Europe. The map above illustrates the number of seminary records in the Directory by country. Overall, the Directory includes 580 seminary records for Europe. Among countries in this world region, the Directory includes the highest number of seminary records for Italy (215 seminaries), Poland (51 seminaries), and Germany (46 seminaries).

Comparison between the Number of Seminaries in the *Annuario Statisticum Ecclesiae* (ASE) and Its Equivalent in the *Directory of Catholic Seminaries* (DCS) in Europe by Country¹

¹ The numbers for ASE were derived from the 2013 edition. The numbers for DCS in the table here were calculated for comparison to the numbers from ASE. The numbers of “seminaries” for DCS in the table here are not equal to the number of “seminary records” in DCS for two reasons. First, one seminary record may, for example, describe a seminary which is classified as “seminary” and “residence” or “center for the diocesan clergy” and “center for the religious clergy” as understood by ASE and treated by ASE as separate seminaries. Second, DCS includes information about both open and closed seminaries.

The table above attempts to estimate how complete the Directory is by comparing the number of seminaries listed in the Segreteria di Stato Vaticano's (2013) *Annuario Statisticum Ecclesiae* with the number of open seminaries included in this Directory.

- According to *Annuario Statisticum Ecclesiae* countries with the highest number of seminaries in Europe are: Italy (407 seminaries), Spain (184 seminaries), and Poland (90 seminaries). Countries with the fewest number of seminaries are: Armenia, Denmark, Finland, Gibraltar, Macedonia, Norway, and Sweden (each one has one seminary).
- The Directory contains information on 873 seminaries in Europe. This number includes 14 secondary schools, 326 philosophy and theology seminaries, and 240 seminaries for which there is not sufficient information to classify them in one of the two groups.
- Overall, the number of seminaries in the Directory amounts to 52 percent of the seminaries accounted for in the *Annuario Statisticum Ecclesiae*.

- Relative to *Annuarium Statisticum Ecclesiae*, the Directory contains information on more seminaries in: Sweden, Belarus, Kosovo, Latvia, Moldova, Serbia, Georgia, Bosnia and Herzegovina, Malta, Slovenia, Czech Republic, Russian Federation (in Europe), Netherlands, Lithuania, Great Britain, Albania, Belgium, Switzerland, Slovakia, Romania, Ukraine, Hungary, Ireland, and Austria. Furthermore, the Directory provides information about seminaries in Luxembourg for which *Annuarium Statisticum Ecclesiae* does not list any seminaries (likely, *Annuarium Statisticum Ecclesiae* attributes seminaries at the Vatican City to Italy).

The discrepancies between *Annuarium Statisticum Ecclesiae* and the Directory should be given due consideration when using the Directory. For more detailed description of the methodology used in preparing the Directory please see Part I.
